Addendum No. 1

Dear Contractor:

This addendum is being issued to the contract for construction on State highway in FRESNO COUNTY IN COALINGA FROM SOUTH OF CAMBRIDGE AVENUE TO 0.3 KM NORTH OF PHELPS AVENUE.

Submit bids for this work with the understanding and full consideration of this addendum. The revisions declared in this addendum are an essential part of the contract.

Bids for this work will be opened on November 27, 2001.

This addendum is being issued to revise the Project Plans, the Notice to Contractors and Special Provisions and the Federal Minimum Wages with Modification Number 16 dated 11-9-01. A copy of the modified wage rates are available for the contractor's use on the Internet Site:

http://www.dot.ca.gov/hq/esc/oe/weekly_ads/addendum_page.html

On Project Plan Sheet 69, the following note is deleted:

"No lap splices allowed in main girder reinforcement."

On Project Plan Sheet 70, the note that reads "No lap splices allowed in additional reinforcement," is replaced with the following note:

"No lap splices are allowed in additional longitudinal reinforcement."

On Project Plan Sheet 70, the following note is added:

"Reinforcement symmetrical about the Center Line of Rte 33"

In the Special Provisions, Section 5-1.19 "CULTURAL RESOURCES," is added as attached.

In the Special Provisions, Section 5-1.20 "ENVIRONMENTALLY SENSITIVE AREAS," is added as attached.

To Proposal and Contract book holders:

Indicate receipt of this addendum by filling in the number of this addendum in the space provided on the signature page of the proposal.

Submit bids in the Proposal and Contract book you now possess. Holders who have already mailed their book will be contacted to arrange for the return of their book.

Inform subcontractors and suppliers as necessary.

This office is sending this addendum by confirmed facsimile to all book holders to ensure that each receives it.

If you are not a Proposal and Contract book holder, but request a book to bid on this project, you must comply with the requirements of this letter before submitting your bid.

Sincerely,

ORIGINAL SIGNED BY

REBECCA D. HARNAGEL, Chief
Office of Plans, Specifications & Estimates
Office Engineer

5-1.19 CULTURAL RESOURCES

California Public Resources Code Sections 5097.98 and 5097.99 require protection of Native American remains which may be found and outlines procedures for handling any burials found.

The California Administrative Code, Title 14, Section 4307, requires that no person disfigure any object of historical interest or value. The California Penal Code, Title 14, Part 1, Section 622-1/2 makes it a misdemeanor to destroy anything of historical value within any public place.

If buried cultural materials are encountered during construction, it is required that work stop in that area until a qualified archaeologist can evaluate the nature and significance of the find (36 CFR Part 800.13 and CCR 15064.5 [f]). If human remains are exposed during project activities, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin and disposition pursuant to Public Resources Code 5097.98. The Contractor shall notify the Engineer immediately.

Full compensation for conforming to the above requirements shall be considered as included in the contract prices paid for the various contract items of work involved and no additional compensation will be allowed therefore.

If, in the opinion of the Engineer, the Contractor's operations are delayed or interfered with due to investigations made of the archaeological find, the State will compensate the Contractor for such delays to the extent provided in Section 8-1.09, "Right of Way Delays," of the Standard Specifications.

5-1.20 ENVIRONMENTALLY SENSITIVE AREAS

The Contractor's attention is directed to the areas designated on the plans as "Environmentally Sensitive Areas".

The California Public Resources Code Chapter 1.7, Section 5097.5 makes it a misdemeanor for anyone to knowingly disturb an historical feature. California Public Resources Code Sections 5097.98 and 5097.99 require protection of Native American remains which may be found and outlines procedures for handling any burials found.

The California Administrative Code, Title 14, Section 4307, requires that no person disfigure any object of historical interest or value. The California Penal Code, Title 14, Part 1, Section 622-1/2 makes it a misdemeanor to destroy anything of historical value within any public place.

If buried cultural materials are encountered during construction, it is required that work stop in that area until a qualified archaeologist can evaluate the nature and significance of the find (36 CFR Part 800.13 and CCR 15064.5 [f]). If human remains are exposed during project activities, State Health and Safety Code Section 7050.5 states that no further disturbance shall occur until the County Coroner has made the necessary findings as to origin and disposition pursuant to Public Resources Code 5097. The Contractor shall notify the Engineer immediately.

Full compensation for conforming to the above requirements shall be considered as included in the contract prices paid for the various contract items of work involved and no additional compensation will be allowed therefore.

If, in the opinion of the Engineer, the Contractor's operations are delayed or interfered with due to investigations made of the archaeological find, the State will compensate the Contractor for such delays to the extent provided in Section 8-1.09, "Right of Way Delays," of the Standard Specifications.
